Professional Summary

A final year engineering undergrad at Visvesvaraya Technological University Belgavi University. I'm majoring in **Computer Science (AI&ML) Engineering** and I'm interested in **web development** and seeking exciting opportunities related to the same. Having an experience as an intern at an early stage start-up I have repeatedly been exposed to new technologies and challenges. This has made me able to quickly adapt to changes and gain a broader perspective. I'm always curious about things and enjoy learning. I like to solve problems and fix errors. I am detail oriented person and I keep my goals and tasks organized to maintain productivity. I believe that the skills I have attained in dynamic environment and competitive university life define me and I'm looking forward to implementing and polishing in any opportunity that I receive.
